

## C6B Pro

### 6.5" PREMIUM BT CEILING SPEAKERS (PAIR)

-  Remote Control
-  Dedicated Presets
-  Combo Pack
-  Detachable Logo
-  Magnetic Grille
-  aptX Premium Audio

The T8 two-way IP65 loudspeakers with built-in 100V transformer and 16Ω power tap are perfect for both distributed and near-field applications in environments such as retail stores, restaurants, bar terrace, churches, malls or conferences. The speakers are housed in a stylish weatherproof plastic cabinet (IP65 - using the back cover) providing an excellent architectural integration, both indoor and outdoor. The very accurate speaker's coverage allows the people, among the audience, to perceive the sound in the same way. The low frequencies are reproduced by a 8" direct-radiating woofer with a polypropylene cone, while the high-frequency section is based on a titanium tweeter. A U-bracket is included and will support your installation on the wall or ceiling.
